THE SENIOR CLASS OF
GEORGE WASHINGTON HIGH SCHOOL
PRESENTS...

“CINEMA
76”

PRINCIPAL

Dear Class of 1976

During your years at Washington High School we have tried to guide you toward your personal objectives. You have successfully completed one set of challenges and are now embarking in different directions toward new horizons.

Hopefully, you are ready and capable to assume a position among the responsible majority—that segment of our nation's population comprised of those who add to our society, who undertake to improve the quality of life, and who understand the necessity to contribute to the dignity of the lives of others.

You will spend years, perhaps a lifetime measuring and defining the quality of your own lives. For some, the quality of life is defined in largely economic terms; for others, it is determined by such non-economic pursuits as ethical values and meaningful relationships. For the vast majority, the quality of life is measured in both economic and humanistic terms.

In seeking your own happiness, in meeting your next set of challenges, add to do not detract from the larger world community.

My best wishes are extended to all of you.

Although the 1975 football team didn't bring the championship to Washington, they did show us something more important—spirit, determination, sportsmanship, and good character. In spite of some disappointing losses, the Washington team never let down and rebounded to keep the school tradition in tact.

Led by seniors, our defense was one of the best in the city. The highlights of the defense were the shutting out of Overbrook, Bartram, and West Philadelphia and the limiting of their opposing teams to an average of ten points a game. The offense, led by All-Public runningback Dave Sandberg, was potent but inconsistent. Dave was able to get this honor due to an offensive line dominated by seniors.

The team, under the leadership of coach Adam Donzanti, completed a memorable if not a winning season.

Field Hockey is a player's game, and as such it fails to gain the popularity it deserves. Many great field hockey teams have played for George Washington, and although some have had better records than the 1975-1976 team, it is doubtful whether there were any with more will to win and better spirit. Ably led by seniors, Captain Jan Brownstein and Co-Captain Lise Gormley, they placed second among the teams in the league. Recognition and congratulations go to seniors, Captain Jan "Bird" Brownstein, Beth Herman, and sophomore Cindy Castlerline for making the first All-Public Team. Coached by Miss Dorothy Walton and Miss Carol Griffin, our team displayed a fiery spirit and good sportsmanship.

Youth will fade but the achievements of this year's team will be remembered by the graduating members of our class.

HOCKEY

It takes long and hard practice for a runner to become physically and mentally fit to face competition. But under the watchful eye of coach "Duke" Donahue, our cross country team has those skills. Missing the championship by only ten points, the team, led by Captain Wally Cain and Co-Captain Louis Evangelista, captured second place in the public league. Artfully setting records right and left, Captain Wally Cain seemed to fly faster than the Eagle. Recognition in the form of All Public honors went to seniors, Wally Cain, Brian Regitko, Hayes "Prince" Rainier and Tommy Ruden and juniors, Richard Vile, and Bill Regitko. Coming up next year is a host of runners who will continue to climb to success.

Years from now these graduating seniors will remember the thrill of this year's team and the pain that went with their endeavors.

SWIMMING

Public League Champions

When we hear the word "swimming" at Washington, one thinks of championships. Every year for the past eleven, including this one, the Swim Team, coached by Mr. John "Duke" Donahue, has won the Public High Championship by defeating its opponents with an overwhelming score. Its captains are Seniors Marc Israel and Janice Roeschen and its co-captain is Junior Pete Mohacey. Dedication and love for the sport are shown by our All-Public Seniors — Marc Israel, Janice Roeschen, Robert Holtz, and Rick Ford. Yet other seniors also played a role in the team's success. They are Robert Gottlieb, Marcy Silverman, and Eugene Morris. These graduating members will surely remember the times they had and the thrill of winning.

Kneeling - L. Fisher, Lorennc - Coach, Ralph Remsbert, Bark, Kate, Fan, Hosack, Standing - R. Marks, Meve, Hahn, Harry, Becarri, Dave Simmons (not shown)

Although Washington's basketball teams in the past have not been great successes, this year's team, coached by Mr. Edwin Lorenc, brought many surprises. Reaching a total of eight losing games at the start of the season, the team came back to win games against Northeast, Lincoln (on Senior Day), and Edison. Nullifying our hopes of a playoff position, our team fought back to win its final game. Energy and momentum were generated by Senior Captains Ron Marks and Harry Becarri. Good playing was also shown by Dave Simmons and other seniors.

Senior members of this year's team can certainly be proud of their efforts because they were the turning point of success.

BASKETBALL

Strength, agility, and determination are needed to be a good gymnast. These are the quantities that brought the Washington Gym Team to the fore. Accentuating the positive coaching of Mr. Sam Fogel, the team has captured the Public High Championship last year and is on the way to another championship this year. Noted for his ability is senior Mike Young. However, the other seniors contributed to the success of the team. Their leadership and patience helped pull the team together as a squad. The legacy that the graduating members leave will be hard to follow.

Graduation—the culmination of your formal public education, the beginning of yet another long, hard climb to attain sought after goals

It is my earnest desire that as you have persevered these twelve years you will continue to be as diligent in your quest for success, being ever mindful and wary of obstacles or detours that may bring frustration and despair along the way. Be patient, not rash and impetuous. Success will be just what you make it, but it mainly involves character—the “u” in the word itself.

A beautiful record of you, the Class of 1976, is contained here in your Legend—a history of activity which will serve to recall with pride all that you did to make this class great.

For permitting me to serve you, I say “Thank you.” My only regret is that my tenure with you was not of a longer duration. But, I bid you to “fare well.”

William E. Young, Jr.

CLASS PRESIDENT

The class of '76 has matured, grown, and developed over the past few years into a group of adults ready to take their part in the complex and bewildering world of today.

The time we have spent together as a class is over, but our lives are just beginning. We have been given an important background from which we must now look ahead and decide in what direction, each one of us will move as we proceed from the present to the future.

Our class, despite the situations or obstacles encountered, worked together for we wanted to make our mark. We would never accept things as they were, we wanted to make them better. We must continue to work together as we have, for the world needs us.

We supported what we believed in and we did not follow blindly. We wanted to understand, to establish, and to accomplish our goals whether to help others or ourselves.

We have learned together, we have loved together, and now we must depart, but let us hold the memories of the Class of '76 forever.

May we never forget one another for the rest of our lives.

IN MEMORIAM

Tyrone Appel

He was everybody's friend
Whether you knew it or not,
He longed for life and enjoyed
Every moment he got
He was kind and thoughtful to you and I,
But quiet, homely and shy,
He had his own way about him,
Did what he wanted to do, if it
Was with himself, me, or you,

He was our brother, your friend,
From the beginning to end,
He thanked for everything, no matter
What it was
It was said with plenty of love,
I guess you could say he enjoyed
Life in his own special way,
For when it was time to leave,
He did not regret it in any way
Instead, he thanked for his last day

His mind was bright
with an inner light
which forced him to keep going on
He struggled in vain
a goal to attain
His body lacked strength, but not courage
The knowledge he learned,
the marks he had earned
Had proven to him, he was able

He could have gone far
even reached for a star
But it wasn't meant to be
He suffers no more
For at Heaven's door
There's no better place to be
We'll just keep in mind
someday we shall find
Our son, We will meet once again

Neil Feldstein

Our years at Washington will soon be over and our imaginations will be put to the task of recalling the many experiences that the Class of '76 has enjoyed together. Although only fragments of these experiences can be edited into the pages of Cinema 76, it is up to us to splice these fragments into everlasting memories.

The development of these memories will reward us with the knowledge that we have lived, learned, and shared together and will aid us in achieving our future goals. For us, the depicors of your lives, can only establish the basic screenplay of these memories. Only you can complete the entire script.

Graduation will tremendously change the roles that we lead but it will not fade the retainment of the past in our minds.

In concluding the final scenes at Washington, I hope that each of you will continue on the path of success and happiness.

 1975 P.C. # 3

The first thing I noticed when I stepped
 out of the car was the cool, crisp air.
 It felt like a fresh blanket after a long
 drive. The sun was just setting, painting
 the sky in shades of orange and pink.
 I took a deep breath, savoring the
 scent of pine and the distant sound of
 water. It was a perfect moment, a
 quiet escape from the hustle and bustle
 of the city. I walked towards the lake,

I have a great deal of sympathy for the people who are going to the South. I have a great deal of sympathy for the people who are going to the South. I have a great deal of sympathy for the people who are going to the South.
